

### Have something done bluffing card games

Start a sentence with "I have..." or "I..." without "have", pick a card at random, complete your sentence with what it says on that card and perhaps "my own" or "myself", even if it is not true. For example, say "I", pick the "massage your shoulders", and say "I massage my own shoulders". After follow-up questions, your partner will guess if your sentence is true or not.

apply your fake eyelashes	massage your feet
bring books to your house	massage your neck
bring furniture to your house	massage your shoulders

manicure your nails	wax your back/ your legs/ your...

*Ask about cards you don't understand, guessing if your teacher does that themselves or not each time. Then switch groups. Play a similar game with the cards you didn't understand before. This time pick a card first, flip a coin, and say this:*

heads = say "I have... done"

tails = say "I... (my own.../ myself)"
