

Clothes and Present Progressive Drawing Game

Instructions

Students take cards to make a correct sentence and then can draw that thing on the picture of themselves, on their classmate or teacher, or on an imaginary boy, girl, cat or snowman. They can do so on more than one if they pick "we" or "they". You can also have one person per group or the teacher drawing everything. The cards are given in different sizes to help students work out that they need one of each category. You can also add blank cards and/ or let them make their own sentences.

Photocopiable cards to cut up

I	You
He	She
The cat	The snowman
