### Subject questions grammar presentation

*How are the other questions and answers above different from “Who do you go to when you need to check a contract or make a will?” “A solicitor”?*

*What is the longer version of that answer? Is “A solicitor” the subject or object of that longer answer?*

*Is that the same or different for the other questions and answers below?*

*Which kind of question is called “subject questions”? Why?*

*Make similar questions to test your partner on other words from above, giving them different options to choose from if they aren’t sure.*

*Ask about any words above which you don’t understand, are not sure of the question for, etc, working together to make suitable questions to get those answers each time.*

*Work together to answer these questions about differences between the word above:*

- Which person robs from a shop which is still open, a shoplifter or a burglar?
- Which one is in charge of law and order in a cowboy movie, a sheriff or a deputy?

*Test each other on differences between similar words above with similar questions starting with “Which...?”*
