

### There is/ There are with prepositions make me say yes game

Take turns asking personal “Are there any... your...?” or “Is there a... your...?” questions like “Is there a bed in your bedroom?” and “Are there any colour pencils in your pencil case?”. You get one point for each “Yes, there...” answer (but no points for other answers like “I don’t know” and “No”). Your teacher will tell you if/ when you can use the table below to help.
