

## Verb patterns with reporting verbs activities

### Verb patterns classification

Put the words that you are given into columns by what follows them (followed by “to + verb” etc). Some columns should be longer than the others.

Use the verb pattern heading cards to help check your columns, then check with an un-cut-up copy of the worksheet or as a class.

Test each other on the words:

- Read out a card and see if your partner can say what form comes after it
- Read out a card and see if your partner can make an example sentence with it
- Choose one of the four categories in the table below and help your partner make examples

Brainstorm verbs into these four categories:

+ someone to do	+ to do	+ ... + doing	+ doing

### Verb patterns with reporting verbs pelmanism

Turn all the verb cards face down and take turns trying to find pairs of cards which take the same verb pattern. Stop when only cards without matches are left.

### Verb patterns with reporting verbs snap

Deal out the cards and take turns putting the top card from your pack face up on the table, without looking at it beforehand. If the last two cards take the same verb pattern, race to shout “Snap!” If you are right, you can take all the cards on the table. If you are wrong, the cards stay there and you need to give a card to the other player(s) as punishment.

### Verb patterns with reporting verbs storytelling 1

Use the verb cards as you take turns continuing a story, making sure that you use the correct verb pattern each time.

### Verb patterns with reporting verbs storytelling 2

Use the verb patterns cards as you take turns continuing a story, making sure that you use a correct verb with each.
