

Weather things in common game
with weather vocabulary collocations and word formation

Make personal statements and/ or ask your partner personal questions about the weather to find feelings, experiences etc which you both share/ all share. You get one point for each thing which is the same, and one more point if no other groups find the same thing.

Useful language for finding things in common		
● I'm looking forward to...	- How about you?/ What about you?	Me too.
● I've never experienced...	- Did you use to...?	
● I can't stand...	- Do you... when...?	I... too.
● I love...	- Does... make you feel...?	
● I absolutely adore...	- Have you ever experienced...?	Really?
● (For me) nothing beats...	- Have you ever... in... weather?	I...
● I'm scared of...	- Have you ever... when it was...?	
● I used to...	- How do you feel about...?	
● In my hometown...	- How's the weather in your town (...)?	
● I go on holiday somewhere...	- How many times have you...?	
● I would... if...	- If it..., would you...?	
● I will... if...	- What did you do the last time...?	
● I'm planning to... when...	- What do you do when...?	
● My favourite weather is...	- What do you think about...?	
● The last time that it...	- What's your favourite weather (for ...)?	
● I feel... when it...	- When did you last...?	
	- Would you... when it was...?

Share things you found in common and see if other groups share the same thing.

Ask about anything above you don't understand, are not sure how to use, etc, working together to make related personal statements and/ or questions each time.

Weather word formation

Without looking above, write at least one different form of each word below. Things not above are also possible.

bake

boil

cloudy

cold

dry

flood

fog

freeze

frost

hail

hot

humid

mist

rain

smog

snow

storm

sun

warm

wind

Check above. Many more answers are OK, so check if you wrote something different.

Weather collocations

Without looking above, link words from the left and right of the same section below to make expressions related to the weather.

baking
boiling
blue
minus...
dry
grey
hail

air
degrees
hot
hot
skies
skies
storm

hail
heat
heat
Indian
thunder and
rainy
April
